

**“LET’S HEAR IT FOR RENEE!”  
A BENEFIT FOR RENEE WALKER’S  
LIFE CHANGING SURGERY**

Renee was born with congenital aural atresia and microtia (she does not have an ear drum or ear canal and could only hear out of one ear). She had reconstructive surgery when she was younger, but her body rejected the grafting and prosthesis. In November 2018 Renee had *amazing* bone conduction hearing implant surgery and can now hear at full capacity! However, the cost of the operation and device was very costly. **We need your help!** All proceeds will benefit Renee to cover, her surgery, hospital stay, and living expenses after this journey.

- DAUGHTER OF FRED AND SHELLEY WALKER
- WEST CATHOLIC CLASS OF 2012 ALUMNA
- SAINT PETER AND PAUL EAGLES ALUMNA
