

Things to consider:

Is there a financial need?

Are there family and friends willing to attend organization meetings for a benefit?

Are there family and friends willing to chair different events for the benefit?

At the first meeting we will discuss all the costs and fees associated with putting on a benefit.

The only fee needed before the benefit is held is a \$100.00 insurance fee.

Personal Information

Benefit will be held for: _____

Why the benefit is needed: _____

You may need to provide us with documentation regarding the need for this benefit.

Welcome Everyone and Thank You

To make this a successful benefit it will take a lot of our time and hard work. We will be meeting no less than every two weeks. The last three weeks or so, we will meet every week.

We meet this often because it very important that everyone helps to keep each other focused and keep the energy going towards making this a successful benefit.

It's also because there is so much work involved we have to make sure everything is taken care of before the night of the benefit.

Having live music sounds like a very nice touch. The idea of the benefit is to raise as much money as we can for the family. The biggest moneymaker of the evening will be the auctions; if there are enough donations we can put on a silent and live auction.

The live auction by far makes the most money, and most of the time should be put into the auctions. Having live music would take away from the live auction time, unless the band plays when the auction is complete.

Everything we do, has to focus on raising funds, in a fun way.

It will become a labor of love to most everyone.

Benefits will be held at:

Sts. Peter and Paul School
1433 Hamilton St NW
Grand Rapids, MI 49504
